EURO NOTE PROGRAMME

guaranteed (in the case of Notes issued by Legal & General Finance PLC) by

LEGAL & GENERAL GROUP PLC

Under the Euro Note Programme described in this Prospectus (the “Programme”), Legal & General Finance PLC (“L&GF”) and Legal & General Group Plc (“L&G” or “Legal & General”) (each an “Issuer” and, together, the “Issuers”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes guaranteed, in the case of Notes issued by L&GF, by L&G (in such capacity, the “Guarantor”) (the “Notes”). The Notes may be issued as senior obligations (“Senior Notes”) by L&GF or L&G or as subordinated obligations (“Subordinated Notes”) by L&G only. The Subordinated Notes may be issued as dated subordinated notes with terms capable of qualifying as Lower Tier 2 Capital (as defined herein) (“Dated Tier 2 Notes”), or as undated notes ranking junior to the Dated Tier 2 Notes and with terms capable of qualifying as Upper Tier 2 Capital (as defined herein) (“Undated Tier 2 Notes” and, together with the Dated Tier 2 Notes, the “Tier 2 Notes”). The aggregate nominal amount of Notes outstanding will not at any time exceed £3,000,000,000 (or the equivalent in other currencies), subject to the right of the Issuers to increase such amount in accordance with the terms of the Distribution Agreement (as defined herein).

This Prospectus has been approved as a base prospectus (the “Prospectus”) by the United Kingdom Financial Conduct Authority (the “FCA”), which is the United Kingdom competent authority (in such capacity, the “UK Listing Authority”) for the purposes of Directive 2003/71/EC and amendments thereto, including Directive 2010/73/EU (the “Prospectus Directive”) and relevant implementing measures in the United Kingdom and provides information with regard to L&G, L&GF and L&G’s subsidiaries (each a “Subsidiary” and, together with L&G, the “Group”) which, according to the particular nature of the Issuer, the Notes and, as appropriate, the Guarantor, is necessary to enable investors to make an informed assessment of the assets and liabilities, profits and losses and prospects of the Issuer and, as appropriate, the Guarantor.

Application has been made to the UK Listing Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (“FSMA”) for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the “Official List”) and to the London Stock Exchange plc (the “London Stock Exchange”) for such Notes to be admitted to trading on the London Stock Exchange’s Regulated Market (the “Market”). References in this Prospectus to Notes being “listed” (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on Markets in financial instruments.

Each Series (as defined herein) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a “temporary Global Note”) or a permanent global note in bearer form (each a “permanent Global Note”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“NGN”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “Common Safekeeper”) for Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, *société anonyme* (“Clearstream, Luxembourg”). Notes in registered form will be represented by registered certificates (each a “Certificate”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates (each a “Global Certificate”). If a Global Certificate is held under the New Safekeeping Structure (the “NSS”), the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. Global Notes which are not issued in NGN form (“Classic Global Notes” or “CGNs”) and Global Certificates which are not held under the NSS will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the “Common Depository”). The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described herein under “Summary of Provisions Relating to the Notes while in Global Form”.

Tranches of Notes (as defined in the “Overview of the Programme”) to be issued under the Programme may be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. As at the date of this Prospectus, the Issuers’ long term senior debt ratings are A3 (Moody’s Investors Service Limited (“Moody’s”)), A (Standard & Poor’s Credit Markets Services Europe Limited (“S&P”)) and a (A.M. Best Europe Rating Services Limited (“A.M. Best”). The credit ratings included or referred to in this Prospectus will be treated for the purposes of the Regulation (EC) No. 1060/2009 on credit rating agencies (the “CRA Regulation”) as having been issued by Moody’s, S&P or A.M. Best, as the case may be. Moody’s, S&P and A.M. Best are each established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus.

Each of the Issuers and the Guarantor accept responsibility for the information contained in this Prospectus. To the best of the knowledge of each Issuer and the Guarantor (each having taken all reasonable care to ensure that such is the case), the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “Documents Incorporated by Reference”).

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers, the Guarantor, the Dealers or the Arranger (as defined in “Overview of the Programme”). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of L&G or L&GF since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of L&G or L&GF since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by L&G, L&GF, the Dealers and the Arranger to inform themselves about, and to observe, any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “Subscription and Sale”.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of L&G, L&GF or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers or the Arranger accepts any responsibility for the contents of this Prospectus or for any other statement made, or purported to be made, by the Arranger or a Dealer or on its behalf in connection with the Issuers, the Guarantor, or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Prospectus or any such statement. Neither this Prospectus nor any other financial statements are intended to constitute and should not be considered as a recommendation by any of L&G, L&GF, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of L&G or L&GF during the life of the arrangements contemplated by this Prospectus or to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche (as defined in “Overview of the Programme”), the Dealer or Dealers (if any) appointed as the stabilising manager(s) (the “Stabilising Manager(s)”) (or any person acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of

30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;**
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;**
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;**
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and**
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.**

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to a potential investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are lawful investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Fixed Rate Notes:

Fixed Rate Notes will bear interest which will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Fixed Rate Reset Notes:

Fixed Rate Reset Notes, which may only be Subordinated Notes, will bear interest at the fixed rate per cent. per annum specified in the relevant Final Terms until the Reset Date specified in the relevant Final Terms or, if more than one Reset Date is specified, the first Reset Date specified in the Final Terms. On the Reset Date (or on each Reset Date, if more than one Reset Date is specified), the Rate of Interest will be reset to the aggregate of the applicable Subsequent Reset Reference Rate, the applicable Initial Credit Spread and the applicable Step-Up Margin, as determined by the Calculation Agent.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the issue date of the first Tranche of the Notes of the relevant Series; or
- (ii) by reference to LIBOR or EURIBOR as adjusted for any applicable margin.

Such interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Interest periods will be specified in the relevant Final Terms.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Interest Periods and Interest Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Redemption:

The relevant Final Terms will specify the basis for calculating the redemption amounts payable. Unless otherwise permitted by then current laws and regulations, Notes which have a maturity of less than one year must have a minimum redemption amount of £100,000 (or its equivalent in other currencies). Redemption

of Dated Tier 2 Notes prior to their stated maturity is subject to prior written notice to, and the absence of objection from, the Relevant Regulator (as more fully described in the Terms and Conditions of the Subordinated Notes). Undated Tier 2 Notes have no Final Maturity and are only redeemable or repayable subject to prior written notice to, and the absence of objection from, the Relevant Regulator (as more fully described in the Terms and Conditions of the Subordinated Notes).

Optional Redemption:

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the relevant Issuer (either in whole or in part) and/or the holders, and if so the terms applicable to such redemption.

Status of the Senior Notes:

The Senior Notes and the Guarantee in respect of the Senior Notes of L&GF guaranteed by the Guarantor constitute direct, unsecured and unsubordinated obligations of the relevant Issuer and the Guarantor, respectively.

Status of the Subordinated Notes:

Interest Deferral – Tier 2 Notes:

The Issuer may on any Optional Interest Payment Date defer payments of interest on Tier 2 Notes. The Issuer is required to defer any payment of interest on Tier 2 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition (as described in further detail in the Terms and Conditions of the Subordinated Notes).

In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified in the relevant Final Terms) or a Rating Methodology Event (if a Rating Methodology Call is specified in the relevant Final Terms), the Tier 2 Notes may be (i) substituted by, or their terms varied so that they become, Qualifying Upper Tier 2 Securities, Qualifying Lower Tier 2 Securities or Rating Agency Compliant Securities, whichever is relevant; or (ii) redeemed, in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together, in each case, with any interest

All payments of principal and interest in respect of the Notes and the Coupons or under the Guarantee (in the case of Notes issued by L&GF) will be made without deduction or withholding for or on account of United Kingdom taxes, unless such deduction or withholding is required by law. In the event that any such deduction or withholding is required by law to be made, the relevant Issuer or, as the case may be, the Guarantor will, save in certain limited circumstances (as further described in Condition 8 of the Terms and Conditions of the Senior Notes and Condition 8 of the Terms and Conditions of the Subordinated Notes), be required to pay additional amounts to cover the amounts so deducted or withheld.

Reg. §1.163-5(c)(2)(i)(C) (the “C Rules”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

RISK FACTORS

The Issuers believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuers are not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuers believe may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuers believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuers may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuers do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Factors that may affect the Issuers' ability to fulfil their obligations under Notes issued under the Programme

This section details certain risk factors which could affect the Group's future results of operations and cause them to be materially different from past results or from expected results. The factors detailed in this section should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties.

Market Risk and Economic Conditions

The Group's business is subject to general market risks and changes in economic conditions. Market risk is the risk that the Group is exposed to financial loss as a direct or indirect result of fluctuations in the value of, or income from, specific assets. The Group holds a broad range of investment assets including equities, bonds, property, cash and direct investments such as property lending and sale and leaseback investments. While the market risk may be borne by or shared with (in whole or in part) policyholders, the performance and liquidity of investment markets, interest rate movements and inflation can result in a reduction in the value of these assets that will directly or indirectly affect the financial results and capital requirements of the business.

Government and central bank actions have restored confidence in financial markets. However, in the current environment there is limited resilience to shocks, with the potential for significant falls in asset values should markets reassess returns. If conditions in the Eurozone deteriorate and a significant macro economic event occurs, such as a member country defaulting on its debt obligations or exiting from the Eurozone, this may result in the temporary closure of markets, uncertainty over the operation of financial instruments and the imposition of capital controls, all of which could adversely impact the Group's businesses.

As well as reducing the value of assets backing the obligations and capital of the Group, significant falls in investment asset values can also result in a reduction in earnings from investment management, can affect the flows of funds to and from the Group's Investment Management businesses and can increase the cost of guarantees in certain long term products. The value of investments denominated in currencies other than sterling and holdings in overseas subsidiaries can also be adversely impacted by fluctuations in exchange rates. Broader economic conditions can influence the purchase by customers of retail financial services products, and how long they are retained, impacting new business volumes as well as existing business. There remains potential for shocks to global financial markets which, in the extreme, could impact the Group's ability to execute hedging strategies that ensure the profiles of the Group's asset and liability cash flows are appropriately matched.

The Group's principal areas of activity are carried out primarily within the United Kingdom. Deterioration in economic conditions within the United Kingdom leading to changes in inflation rates or rates of corporate default could therefore have an adverse effect on the Group's businesses either in the amount of business written or in the value of assets and liabilities.

Confidence in the UK Financial Services Sector

The Group's earnings and profits are influenced by the perception and confidence of retail and wholesale investors in relation to the UK financial services sector as a whole. Factors impacting this perception include the adverse performance of investment markets, actions by regulators against organisations operating in the UK financial services sector and shock events such as significant market failures, although the Group seeks wherever practicable to mitigate the effects of these risks. The financial crisis, subsequent investment performance and the low interest rate environment together with consumers' perceptions of the robustness of financial institutions may also impact consumer attitudes to long-term savings. Recent regulatory actions, for example with regard to Payment Protection Insurance (PPI), may also adversely impact consumers' perception of the value of insurance products and result in changes to the regulatory and legislative environment in which the Group operates, which could result in a reduction in the earnings and profits of the Group.

Reputation and Contagion Risks

The Group's reputation can be affected by events impacting parties with which the Group has a relationship, internal process failures and the consequences of external events. Additionally, as a consequence of the use of a common brand across the majority of the Group and the provision of intra-group loans and guarantees, the occurrence of a risk in one part of the Group may result in contagion elsewhere in the Group. The Group seeks to maintain a control environment to ensure that, for those factors it can control, the potential for financial loss and reputational damage is minimised to a commercially viable level.

However, extreme events that cannot be readily controlled may affect the reputation of the Group with potential consequences for the earning streams of the Group. As well as impacting reputation, the failure of other financial services organisations can have a direct impact on the Group both through its participation in the Financial Services Compensation Scheme and perceptions of consumers of the robustness of financial institutions which may impact new business volumes. In the event of a significant level of market failure, the Group may be obliged to provide additional funding over a sustained period of time, reducing capital available to the Group. Similarly, compensation schemes such as the Pension Protection Fund can result in calls for funds on the Group through its defined benefit pension schemes.

Insurance Risk

Insurance risk is the risk that the Group is exposed to loss arising from higher levels of claims being experienced than those anticipated. The amount of such future claims is assessed on actuarial principles by reference to assumed levels and movements in interest rates, mortality or (if applicable) morbidity rates, persistency rates (the extent to which policies remain in force and are not surrendered or transferred prior to maturity), future levels of expenses and credit defaults. The Group has made a number of assumptions regarding mortality rates. However, there is uncertainty as to the rate of future improvements in mortality. If the assumptions underlying the reserving basis were to prove incorrect, the Group may have to increase the amount of its reserves. With regard to the Group's Protection business, while the risk of adverse claims experience is fully assessed and reserved for, extreme events, such as an event causing widespread mortality or morbidity, coupled with a reinsurer default, may adversely impact the capital available to the Group. Similarly, a series of extreme weather events and other catastrophic events may result in a reduction in the Group's earnings and profitability from its General Insurance business.

The inappropriate acceptance of financial risks associated with the writing of new products, or the incorrect assessment of liabilities once business has been accepted, represents a financial risk to the strength of the Long Term Fund (the Long Term Fund consists of those assets which are attributed to the long term business). Within the area of insurance risk, there are four particular risks to the Group:

- (a) the inappropriate acceptance of certain long-term product design features, such as embedded guarantees, which at the time of launch may appear innocuous but may in the future generate substantial liabilities in the Long Term Fund;

- (b) the concentration of certain types of liability within the Long Term Fund, creating future risks to financial strength should there be significant differences in actual experience (for example, in the mortality rate of annuitants) to underlying design and pricing assumptions;
- (c) the potential incorrect valuation of existing and contingent liabilities due to the inherent complexity of the valuation process and underlying interaction of assumptions; and
- (d) forced changes in reserves could be required as a result of changes in regulations or law which have a retrospective effect.

Credit Risk

Credit risk is the risk that the Group is exposed to loss if another party fails to perform its financial obligations to the Group, particularly where proceeds from its investments or its reinsurance arrangements are not available as expected. Such failures could have adverse impacts on the Group's results of operations.

The significant areas where the Group is exposed to credit risk are the following:

- (a) the Group holds corporate and sovereign bonds to back part of its insurance liabilities. There is a risk that the issuers of such bonds may default upon their payment obligations, resulting in financial loss to the Group (although this risk is allowed for in the actuarial valuations of the insurance liabilities, which allow for the probability of default, and is restricted by regulatory limits on the levels of high risk assets which may be held for the purpose of demonstrating solvency);
- (b) the Group is exposed to counterparty default risk in connection with the derivatives held to hedge guarantees provided in some contracts. The Group controls the levels of such risk by placing limits on its exposure to a single counterparty, or groups of counterparties, and to geographical and industry segments. Counterparty exposure limits are regularly reviewed and monitored;
- (c) the Group limits its exposure to insurance risk by ceding part of the risks it assumes to the reinsurance market. There is a risk that one or more reinsurers may default upon their reinsurance obligations. To limit the risk of such default, the Group operates a strict credit rating policy when arranging cover;
- (d) the Group holds property lending and sale and leaseback investments and is inherently exposed to the risk of default by a borrower or tenant. The Group controls the levels of such risk by taking security over the underlying property; and
- (e) the Group is also exposed to the risk of defaults by money market counterparties and providers of investment settlement, banking, custody and other bespoke business services. To limit the risk of such exposure, the Group has set selection criteria.

Legal, Supervisory and Regulatory Environment

The Group's business is subject to applicable law and regulations, both within the UK and internationally. In the UK, the Group's business is subject to regulation by the FCA and the UK Prudential Regulation Authority (the "PRA"), which have broad powers under the Financial Services and Markets Act 2000, including the authority to grant, vary the terms of, or cancel a regulated firm's authorisation, to investigate marketing and sales practices and to require the maintenance of adequate capital resources. Each regulator has the power to take a range of disciplinary and enforcement actions, including public censure, restitution, fines or compensation and other sanctions.

The FCA and the PRA may make enquiries of the companies which they regulate regarding compliance with regulations governing the conduct and operation of business. The Issuers believe that each of the Group's regulated businesses dedicates sufficient resources to its compliance programme, endeavours to respond to regulatory enquiries in an appropriate way and takes corrective action when warranted. However, all regulated financial services companies face the risk that the FCA or the PRA could find that they have failed to comply with applicable regulations or have not undertaken corrective action as required.

Any legislative or regulatory action (whether in the UK or elsewhere) could have a negative impact upon the Group's results or on its relations with current and potential customers. Regulatory action against a member of the Group could result in adverse publicity for, or negative perceptions regarding, the Group, or could have an adverse effect on the business of the Group, its results of operations or its financial condition.

Legislation and government fiscal policy influence the Group's product design, the period of retention of products and the Group's required reserves for future liabilities. Regulation defines the overall framework for the design, marketing and distribution of the Group's products, and the prudential capital that the Group holds. The Group's activities and strategies are based upon prevailing legislation and regulation. Changes in legislation, and differing interpretation and application of regulation, may have a detrimental effect on the Group's strategy and profits. As an organisation, the Group seeks actively to participate with Government and regulatory bodies in the UK and Europe in evaluating proposed changes in legislation or regulation. However, unanticipated and sudden changes in legislation or regulation without prior consultation or engagement with the financial services sector can have a significant impact on the Group's strategy and ultimately can impact our earnings and profitability. Some changes in legislation and regulation can also have a retrospective effect. Recent examples of changes in legislation include the announcement in the 2014 UK Government Budget that from 2015 it will no longer be compulsory for the proceeds of approved pension savings schemes to be used to purchase a retirement income using an annuity. The Group estimates that the overall size of the individual annuity market will fall from £11.9bn in premiums in 2013 to £2.8bn in premiums in 2015 following the announcement. The change is expected to impact the strategy and future earnings of the Group's individual annuity business. However, the removal of restrictions and other budget changes will potentially encourage customers saving for retirement to hold investments for longer and to save more, benefiting those parts of the Group's business which are focused on long term savings.

In 2012, the Group delivered its Retail Distribution Review ("RDR") proposition. The RDR changes, which applied to advised sales of retail investment products, came into force on 31 December 2012. The RDR restricted product providers from paying commission to advisers on certain product sales. It also required advisers to change the way they describe their services to customers, including the way they will be charged for advice. Furthermore, it required advisers to meet new professional qualification standards. While the Group and its business partners have transitioned to the regime, retrenchment by banks and challenges to advisor distribution models in response to the RDR and other regulatory conditions together with a slow transition of consumers to the RDR model has presented broader market uncertainty for products that rely on advice. In addition, there are a significant number of changes expected to come into force in the next few years, including Solvency II, which will lead to a fundamental change in the way insurance companies are required to calculate their prudential capital, and sections 1471 through 1474 of the U.S. Internal Revenue Code ("FATCA") which will introduce new customer disclosure obligations on UK companies from July 2014. The way in which the Group transitions to these requirements may result in a reduction in the Group's earnings and profits.

Legislative intervention in the pricing of insurance products irrespective of differing risk factors, such as age or health, may potentially increase the costs of insurance products for consumers, reducing their propensity to purchase and impacting new business volumes. Other areas where there is a risk that a significant regulatory change could have a negative impact upon the Group's results include further regulation of the UK mortgage market and the EU Packaged Retail Investment Products Directive.

The Group's accounts are prepared in accordance with the current IFRS applicable to the insurance industry. European Embedded Value ("EEV") basis results are published as supplementary information as a value based reporting method for the Group's long term business. Any change or modification of IFRS accounting policies, such as the implementation of Phase II of the International Accounting Standards Board's proposals to amend the reporting standards for insurance entities who prepare accounts to IFRS, may require a change in the reporting basis of future results or a restatement of reported results. This may also be the case as a result of changes to the EEV reporting or any potential future adoption of the Market Consistent Embedded Value reporting basis.

Liquidity Risk

Liquidity risk is the risk that the Group, though solvent, either does not have sufficient financial resources available to enable it to meet its obligations as they fall due, or can secure them only at excessive cost. There can be no guarantee that the Group will be able to refinance its existing debt in the future and reduced levels of liquidity could also increase the Group's cost of borrowing. The Group may also hold certain assets that may lack liquidity, such as fixed term loans and unlisted equities. Liquidity requirements vary according to the type of business written, and monthly cashflow projections are maintained to indicate likely cash requirements. In addition, committed bank facilities are maintained to accommodate unforeseen cash requirements.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events. The Group's business processes can be complex, with significant reliance placed upon IT systems and manual processes. A material failure in the Group's business processes or IT systems may result in unanticipated loss or reputational damage. The Group has constructed a framework of internal controls to minimise these risks. However, no system of internal control can completely eliminate the risk of error, financial loss, fraudulent actions or reputational damage. As the Group and its business partners increasingly digitalise their businesses, the Group is inherently exposed to the risk that third parties may seek to disrupt the Group's on-line operations, steal customer data or perpetrate acts of fraud using digital media. A significant cyber event could result in reputational damage to and financial loss for the Group. In response, the Group deploys a wide range of control techniques to evaluate system security and proactively manage emerging threats. The Group remains vigilant to a range of threats, however the evolving nature of cyber risk means that residual risks will remain. A significant level of financial failure among the Group's product distributors may result in a reduction in the earnings of the Group. Risk also arises from reliance on external suppliers of certain administration and IT development services. Dependencies also exist on the provision of banking infrastructure, the availability of security dealing and custody services. Unforeseen events leading to the loss of any of these services may impact operational effectiveness and lead to financial loss.

The Group actively focuses on recruiting and retaining high quality individuals. It ensures that key dependencies do not arise, through employee training and development programmes, remuneration strategies and succession planning. However, the sudden unanticipated loss of teams of expertise may, in the short term, adversely impact certain segments of the Group's businesses.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List.

Joint Ventures

The Group operates, and in certain markets is required by local regulation to operate, through joint ventures. The Group's ability to exercise management control over its joint venture operations and its investment in them depends on the terms of the joint venture agreements, in particular, the allocation of control among, and continued co-operation between, the joint venture participants. The Group may also face financial loss or other exposure in the event that any of its joint venture partners fails to meet its obligations under the joint venture agreement or encounters financial difficulty, which could adversely impact the Group's results of operations.

Market Competition

The UK insurance industry has experienced significant change in the last decade and, as competition has become tougher, weaker and smaller companies have been shaken out of the market. Thus companies have merged, have stopped writing business and gone into run-off or have simply withdrawn from major lines of business. In line with other participants in the UK insurance industry, the Group faces strong competition in all of its main areas of business, and its continuing profitability, and the long term viability of its product range, depends upon an adequate response to such competition. Also, the Group's distribution landscape is subject to change following mergers within the bank and building society sector.

Litigation

The Group is not currently, but may in the future be, subject to legal proceedings and disputes which are sufficiently significant to have a material adverse effect on the Group. Legal proceedings and disputes may arise in the future under contracts, regulations or from a course of conduct taken by the Group and may be class actions. Given the large or indeterminate amounts of damages sometimes sought, and the inherent unpredictability of the outcome of litigation and disputes, it is possible that an adverse outcome in material legal proceedings or disputes could, from time to time, have a material adverse effect on the Group's business, reputation, ability to offer certain products, customer numbers, results of operations, cashflows and/or financial condition, and could divert management attention.

Capital Adequacy Requirements

Firms which are permitted to carry on insurance business in the UK are required to maintain a minimum level of assets (referred to as regulatory capital) in excess of their liabilities. The relevant companies within the Group satisfy all of their current regulatory requirements in this regard. Fluctuations in the fixed income and equity markets would, however, directly or indirectly, affect levels of regulatory capital held by the Group companies. An inability to meet regulatory capital requirements in the future would be likely to lead to intervention by the PRA, which could be expected to require the Group to take steps to restore the level of regulatory capital held to acceptable levels.

Insurance regulation in the UK is largely based upon the requirements of EU directives. Inconsistent application of such directives by regulators in different Member States of the European Union (each a "Member State") may place the Group at a competitive disadvantage to other European insurance and financial services groups. In addition, changes in the local regulatory regimes of countries in which the Group operates could affect the calculation of the Group's solvency position.

The EU Insurance Groups Directive (Directive 98/78/EC), which was implemented in the UK in 2001, requires European insurance firms to demonstrate net aggregate surplus capital in excess of solvency requirements at the group level in respect of shareholder-owned entities. The EU is currently finalising a new solvency framework, known as "Solvency II". The proposal is intended to introduce more sophisticated requirements for insurers in order to ensure sufficient capital is held to protect policy-holders from adverse events, market risk, credit risk and operational risk. The implementing measures are currently being agreed and the directive is expected to be implemented in early 2016. Until the implementing measures are fully finalised, it is not possible to be certain what effect Solvency II will have on the solvency requirements for insurance groups. However, it is possible that its implementation will increase the amount of capital which the Group is required to hold, which may adversely affect the Group's ability to make payments in respect of the Notes.

UK Taxation Law

Changes in the interpretation of existing tax laws, amendments to existing tax rates, or the introduction of new tax legislation may adversely affect the business, results of operations and financial condition of the Group. The impact on the Group would depend upon the business undertaken, and other relevant circumstances, at the time of such change.

Changes in the corporation tax regime for life insurance companies came into effect on 1 January 2013. Future changes in tax law may impact on the taxation of life insurance and pension policies in the hands of policyholders, and hence on the future long-term business. Such changes could have a material adverse effect on the Group's business, results of operations and/or financial condition.

The design of life insurance products by the life insurance companies in the Group takes into account a number of factors, including taxation.

Changes in tax legislation or in its interpretation may therefore, when applied to such products, have a material adverse effect on the financial condition of the relevant long-term business fund of the company in which the business was written.

Position of the Issuers within the Group

The Group's operations are generally conducted through direct and indirect subsidiaries. As a holding company (in the case of L&G) or a finance company (in the case of L&GF), each Issuer's principal sources of funds are dividends from L&G's operational subsidiaries and amounts that may be raised through the issue of debt instruments. The Issuers may not necessarily have access to the full amount of cashflows generated by the rest of the Group, due in particular to legal or tax constraints.

Credit Ratings

The Group's business is dependent on its ability to access the capital markets and its cost of borrowing in these markets is influenced by the credit ratings supplied by ratings agencies. As at the date of this Prospectus, the Issuers' long term senior debt ratings are "A3" (Moody's), "A" (S&P) and "a" (A.M. Best). Any downgrading of these ratings could increase the Group's borrowing cost and consequently may weaken its market position. Changes in methodology and criteria used by rating agencies could result in downgrades that do not reflect changes in the general economic conditions or the relevant Issuer's financial condition.

The credit ratings included or referred to in this Prospectus will be treated for the purposes of the CRA Regulation as having been issued by Moody's, S&P or A.M. Best, as the case may be. Moody's, S&P and A.M. Best are each established in the European Union and registered under the CRA Regulation.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the relevant Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any such redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The reset of the Rate of Interest fixed with respect to Fixed Rate Reset Notes on each Reset Date could affect the market value of an investment in such Notes

Fixed Rate Reset Notes will bear interest at the fixed rate per cent. per annum specified in the relevant Final Terms (the "Initial Rate of Interest") until the Reset Date specified in the relevant Final Terms or, if more than one Reset Date is specified, the first Reset Date specified in the Final Terms (in each case, as defined in the Terms and Conditions of the Subordinated Notes). On the Reset Date (or on each Reset Date, if more than one Reset Date is specified), the Rate of Interest will be reset to the aggregate of the applicable Subsequent Reset Reference Rate, the applicable Initial Credit Spread and the applicable Step-Up Margin (each as defined in the Terms and Conditions of the Subordinated Notes), as determined by the Calculation Agent. Such reset Rate of Interest could be less than the Initial Rate of Interest and/or, as applicable, less than the Rate of Interest determined on any previous Reset Determination Date (as defined in the Terms and Conditions of the Subordinated Notes), and could accordingly affect the market value of an investment in the Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the market value of such Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable securities tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on other Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Restricted remedy for non-payment

In accordance with PRA requirements for subordinated capital, the sole remedy against the Issuer available to the Trustee, or (where the Trustee has failed to proceed against the Issuer as provided in the Terms and Conditions of the Notes) any holder of Notes, for recovery of amounts owing in respect of the Tier 2 Notes and Coupons will be the institution of proceedings for the winding-up of the Issuer and/or proving in such winding-up or administration and/or claiming in the liquidation of the Issuer for such amounts.

Risks relating to the Dated Tier 2 Notes

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Subordinated Notes, as expressed to be applicable to Notes in relation to which a Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

The Issuer's obligations under the Dated Tier 2 Notes are subordinated

The Dated Tier 2 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up (subject as described in "Terms and Conditions of the Subordinated Notes") or administration of the Issuer, the payment obligations of the Issuer under or arising from the Dated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least *pari passu* with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Lower Tier 2 Capital, if the Dated Tier 2 Notes are issued prior to Solvency II Implementation, or Tier 2 Capital issued on or after Solvency II Implementation, if the Dated Tier 2 Notes are issued on or after Solvency II Implementation and shall rank in priority to those whose claims constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Existing Undated Tier 2 Securities or Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions) and to the claims of holders of all classes of share capital of the Issuer.

Without prejudice to Condition 3(a), all payments under or arising from the Dated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Dated Tier 2 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Subordinated Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend, there shall be payable on each Dated Tier 2 Note an amount equal to the principal amount of such Dated Tier 2 Note, together with Arrears of Interest,

if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Dated Tier 2 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Dated Tier 2 Notes will lose all or some of its investment should the Issuer become insolvent.

Deferral of Interest Payments

The Issuer may elect to defer paying interest on each Optional Interest Payment Date.

The Issuer is required to defer any payment of interest on Dated Tier 2 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

Redemption and Exchange Risk

The Dated Tier 2 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Dated Tier 2 Notes may be (i) substituted by, or their terms varied so that they become, Qualifying Lower Tier 2 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Subordinated Notes).

No limitation on issuing series or pari passu securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Dated Tier 2 Notes. The issue of any such securities may reduce the amount recoverable by holders of Dated Tier 2 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Dated Tier 2 Notes.

Risks relating to the Undated Tier 2 Notes

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Subordinated Notes, as expressed to be applicable to Notes in relation to which no Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

The Issuer's obligations under the Undated Tier 2 Notes are subordinated

The Undated Tier 2 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank pari passu and without any preference among themselves. In the event of the winding-up (subject as described in "Terms and Conditions of the Subordinated Notes") or administration of the Issuer, the payment obligations of the Issuer under or arising from the Undated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least pari passu with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Existing Undated Tier 2 Securities, if the Undated Tier 2 Notes are issued prior to Solvency II Implementation, or Tier 2 Capital issued on or after Solvency II Implementation, if the Undated Tier 2 Notes are issued on or after Solvency II Implementation, and shall rank in priority to the claims of holders of Existing Undated Tier 2 Securities if the Undated Tier 2 Notes are issued on or after Solvency II Implementation, Tier 1 Capital and all classes of share capital of the Issuer. Undated Tier 2 Notes issued before the implementation of Solvency II will rank junior to Tier 2 Capital issued on or after the implementation of Solvency II.

Without prejudice to Condition 3(a), all payments under or arising from the Undated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Undated Tier 2 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Subordinated Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend, there shall be payable on each Undated Tier 2 Note an amount equal to the principal amount of such Undated Tier 2 Note, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Undated Tier 2 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Undated Tier 2 Notes will lose all or some of its investment should the Issuer become insolvent.

Deferral of Interest Payments

The Issuer may elect to defer any payment of interest on Undated Tier 2 Notes which would otherwise be payable on an Interest Payment Date.

The Issuer is required to defer any payment of interest on Undated Tier 2 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

Perpetual Securities

The Issuer is under no obligation to redeem the Undated Tier 2 Notes at any time and the holders of Undated Tier 2 Notes have no right to call for their redemption. This means that Noteholders have no ability to liquidate their investment in any Undated Tier 2 Notes, except: (i) if the Issuer exercises its rights to redeem or purchase the Undated Tier 2 Notes in the limited circumstances described in Condition 6; (ii) if permitted in the circumstances described in Condition 8; or (iii) by selling their Undated Tier 2 Notes in the secondary market. The redemption of any Undated Tier 2 Notes by the Issuer is subject to the satisfaction of certain conditions which are more particularly described Condition 6(b). There can be no assurance that Noteholders will be able to reinvest the amount received upon any redemption or sale of Undated Tier 2 Notes at a rate that will provide the same rate of return as their investment in such Undated Tier 2 Notes.

Redemption and Exchange Risk

The Undated Tier 2 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Undated Tier 2 Notes may be (i) substituted by, or their terms varied so that they become, Qualifying Upper Tier 2 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Subordinated Notes).

No limitation on issuing senior or pari passu securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or pari passu with, the Undated Tier 2 Notes. The issue of any such securities may reduce the amount recoverable by holders of Undated Tier 2 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Undated Tier 2 Notes.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Senior Notes also provide that the Trustee may, without the consent of Noteholders, agree to the substitution of the relevant Issuer's successor in business or any subsidiary or holding company of the relevant Issuer or its successor in business (or, in relation to issues of Notes which are guaranteed by L&G, of the Guarantor or its successor in business or any subsidiary or holding company of the Guarantor or its successor in business) as principal debtor under any Senior Notes in place of the relevant Issuer or any previously substituted company, or the substitution of the Guarantor's successor in business or any subsidiary or holding company of the Guarantor or its successor in business as guarantor under the Senior Notes in place of the Guarantor or of any previously substituted company, in the circumstances described in Condition 11(c) of the Terms and Conditions of the Senior Notes.

European Monetary Union

If the United Kingdom joins the European Monetary Union prior to the maturity of the Notes, there is no assurance that this would not adversely affect investors in the Notes. It is possible that prior to the maturity

of the Notes the United Kingdom may become a participating Member State and that the euro may become the lawful currency of the United Kingdom. In that event (i) all amounts payable in respect of any Notes denominated in pounds sterling may become payable in euro; (ii) the law may allow or require such Notes to be re-denominated into euro and additional measures to be taken in respect of such Notes; and (iii) there may no longer be available published or displayed rates for deposits in pounds sterling used to determine the rates of interest on such Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment, which could adversely affect investors in the Notes.

EU Savings Directive

Under measures implemented in order to comply with EC Council Directive 2003/48/EC on the taxation of savings income (the “EU Savings Directive”), each Member State is required to provide to the tax authorities of another Member State details of payments of interest (and other similar income) paid by a person established within its jurisdiction to, or secured by such a person for the benefit of, an individual resident, or certain limited types of entities established, in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect from 1 January 2015. A number of non-European Union countries and territories have adopted similar measures to the EU Savings Directive.

The Council of the European Union has adopted EU Council Directive 2014/48/EU (the “Amending Directive”) amending the EU Savings Directive, which will, when implemented, inter alia, broaden the circumstances in which the information reporting or withholding requirements apply to payments that indirectly benefit an individual resident in a Member State. These requirements will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied and may in some cases apply where the person, entity or legal arrangement is established or effectively managed outside the EU. The Amending Directive will also expand the types of payment to which the EU Savings Directive applies, in particular to include additional types of income payable on securities. The Amending Directive requires Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

If a payment were to be made or collected through a Member State (or a non-European Union country or territory which has adopted similar measures) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to any law implementing or complying with, or introduced in order to conform to, the EU Savings Directive, or any agreement between the EU and any non-EU jurisdiction providing for equivalent measures, neither the relevant Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to that payment as a result of the imposition of such withholding tax. Furthermore, once the Amending Directive is implemented and takes effect in Member States, such withholding may occur in a wider range of circumstances than at present, as explained above. However, save as provided in the Terms and Conditions of the Notes, each Issuer is required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing or complying with, or introduced in order to conform to, the EU Savings Directive, or any agreement between the EU and any non-EU jurisdiction providing for equivalent measures.

The EU Savings Directive does not preclude Member States from levying other types of withholding tax.

Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Integral multiples of less than €100,000

In relation to any issue of Notes which have a denomination consisting of the minimum specified denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more specified denominations.

If definitive Notes are issued, Noteholders should be aware that the definitive Notes which have a denomination that is not an integral multiple of €100,000 (or its equivalent) may be illiquid and difficult to trade.

U.S. Foreign Account Tax Compliance Withholding

Under FATCA, the Issuers (and other non-U.S. financial institutions through which payments on the Notes are made) may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of the Notes. The application of FATCA to interest, principal or other amounts paid with respect to the Notes is not clear.

On 12 September 2012, the United Kingdom and the United States entered into an intergovernmental agreement to improve tax compliance and to implement FATCA (the “Agreement”) and the United States agreed to amendments proposed by the United Kingdom on 7 June 2013. Section 222 of the Finance Act 2013 empowers Her Majesty’s Treasury to make regulations giving effect to the Agreement; such regulations were made on 6 August 2013 and came into force on 1 September 2013. The full impact of the Agreement on the Issuers and their reporting and withholding responsibilities under FATCA is unclear. The Issuers may be required to report certain information in relation to their U.S. account holders to the government of the United Kingdom in order to (i) be treated as complying with and not subject to FATCA withholding and/or (ii) comply with any applicable U.K. law.

If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of FATCA, neither the relevant Issuer nor any Paying Agent nor any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, if payments in respect of the Notes are subject to FATCA withholding, investors may receive less interest, principal or other payments (as the case may be) than expected.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuers will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currencies (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risk factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

TERMS AND CONDITIONS OF THE SENIOR NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Senior Notes in definitive form (if any) issued in exchange for the Global Note(s) or Certificate(s) representing each Series of Senior Notes. The full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Accordingly, references in these terms and conditions to provisions specified hereon shall be to provisions endorsed on the face of the relevant Note or set out in the relevant Final Terms. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these terms and conditions to “Notes” are to the Senior Notes of one Series only (whether or not guaranteed by the Guarantor (as defined below)), not to all Notes that may be issued under the Programme.

The Notes are constituted by a Trust Deed dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Deed dated 23 May 2014, and as amended or supplemented as at the date of issue of the Notes (the “Issue Date”), the “Trust Deed”) between Legal & General Group Plc (“L&G” or, in its capacity as guarantor, the “Guarantor”), Legal & General Finance PLC (“L&GF”) (each an “Issuer” and together the “Issuers”) and The Law Debenture Trust Corporation p.l.c. (the “Trustee”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Agency Agreement dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Agreement dated 23 May 2014 and as amended or supplemented as at the Issue Date, the “Agency Agreement”) has been entered into in relation to the Notes between L&G, L&GF, the Trustee, Citibank, N.A. as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “Issuing and Paying Agent”, the “Paying Agents” (which expression shall include the Issuing and Paying Agent), the “Registrar”, the “Transfer Agents” (which expression shall include the Registrar) and the “Calculation Agent(s)”. Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Trustee (presently at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the “Coupons”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) (the “Couponholders”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1. Form, Denomination and Title

The Notes are issued in bearer form (“Bearer Notes”) or in registered form (“Registered Notes”) in each case in the Specified Denomination(s) shown hereon provided that all Notes shall have a minimum Specified Denomination of €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided in Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Transfers of Registered Notes, etc.

(a) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer’s or Noteholders’ option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Conditions 2(a) or (b) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as

the case may be) to whom delivery of such form of transfer or Exercise Notice and surrender of the relevant Certificate shall have been made or, at the option of the holder making such delivery and surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(c), “business day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(d) *Transfer Free of Charge*

Transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges by the person submitting such Notes or Certificates that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(e) *Closed Periods*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on (and including) the due date for redemption of that Note, (ii) during the period of 15 days ending on (and including) any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

The following text “3. Guarantee and Status” will appear on Senior Notes issued by L&GF:

3. Guarantee and Status

(a) *Guarantee*

The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Trust Deed, the Notes and Coupons. Its obligations in that respect (the “Guarantee”) are contained in the Trust Deed.

(b) *Status of Notes and Guarantee*

The Notes and the Coupons relating to them constitute (subject to Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer and the Guarantor respectively, present and future.

The following text “3. Status” will appear on Senior Notes issued by L&G:

3. Status

The Notes and the Coupons relating to them constitute (subject to Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

The following text “4. Negative Pledge” will appear on Senior Notes issued by L&GF:

4. Negative Pledge

So long as any of the Notes or Coupons remain outstanding (as defined in the Trust Deed), neither the Issuer nor the Guarantor will create or permit to exist any Security Interest (as defined below) upon any of its properties (whether now owned or hereafter acquired) to secure any of its present or future Relevant Indebtedness (as defined below) (or any guarantee or indemnity in respect thereof) without making effective provision whereby the Issuer’s or, as the case may be, the Guarantor’s obligations under the Notes and the Trust Deed (a) are secured equally and rateably therewith, or (b) benefit from a guarantee or indemnity in substantially identical terms thereto, as the case may be, in each case to the satisfaction of the Trustee, or (c) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its reasonable opinion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

“Relevant Indebtedness” means any indebtedness for borrowed money which is in the form of, or represented or evidenced by, bonds, notes, debentures or other securities which, with the agreement of the Issuer or the Guarantor, as the case may be, are quoted, listed, dealt in or traded on a stock exchange, or an over-the-counter or other recognised securities market.

“Security Interest” means any mortgage, pledge, security interest, lien or other encumbrance.

The following text “4. Negative Pledge” will appear on Senior Notes issued by L&G:

4. Negative Pledge

So long as any of the Notes or Coupons remain outstanding (as defined in the Trust Deed), the Issuer will not create or permit to exist any Security Interest (as defined below) upon any of its properties (whether now owned or hereafter acquired) to secure any of its present or future Relevant Indebtedness (as defined below) (or any guarantee or indemnity in respect thereof) without making effective provision whereby the Issuer’s obligations under the Notes and the Trust Deed (a) are secured equally and rateably therewith, or (b) benefit from a guarantee or indemnity in substantially identical terms thereto, as the case may be, in each case to the satisfaction of the Trustee, or (c) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its reasonable opinion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

“Relevant Indebtedness” means any indebtedness for borrowed money which is in the form of, or represented or evidenced by, bonds, notes, debentures or other securities which, with the agreement of the Issuer, are quoted, listed, dealt in or traded on a stock exchange, or an over-the-counter or other recognised securities market.

“Security Interest” means any mortgage, pledge, security interest, lien or other encumbrance.

5. Interest and other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f).

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to

the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes*

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon, and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations

(expressed as a percentage rate per annum), for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, then, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms), if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any

one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph (z), the Rate of Interest shall be the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) **Linear Interpolation**

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided however, that, if there is no such rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) ***Zero Coupon Notes***

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)).

(d) ***Accrual of Interest***

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(e) ***Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding***

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number)

or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.

- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(f) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where the Specified Denomination of a Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(g) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest

Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 5(g) but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this Condition 5, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects, it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

- (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
- (b) if the Calculation Period is longer than one Determination Period, the sum of:
- (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
- (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“Determination Date” means the date specified as such hereon or, if none is so specified, the Interest Payment Date.

(k) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or financial institution engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided in this Condition 6, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided hereon, is its nominal amount) together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions.

(b) Early Redemption

Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue from (and including) the Maturity Date to (but excluding) the date of redemption in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(c) *Redemption for Taxation Reasons*

If the Issuer determines that immediately before the giving of the notice referred to below [either:

- (i)]¹ on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8[; or
- (ii) the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payments itself would be required to pay such additional amounts]¹,

the Issuer may, at its option, having given not less than 30 or more than 60 days' notice (a "Tax Redemption Notice") to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (which notice shall be irrevocable), redeem all, but not some only, of the Notes at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) at their Early Redemption Amount together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions.

Prior to the publication of any Tax Redemption Notice, the Issuer shall deliver to the Trustee (1) a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the Issuer [or, as the case may be, the Guarantor]¹ has become, is or would be so required to pay additional amounts, and (2) an opinion in form and substance reasonably satisfactory to the Trustee of independent legal advisers of recognised standing to that effect. The Trustee shall, without enquiring and without any liability therefor, accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above and it shall be conclusive and binding on the Noteholders and the Couponholders.

(d) *Redemption at the Option of the Issuer*

If Call Option is specified hereon, the Issuer may, on giving not less than the minimum period nor more than the maximum period (as specified in the applicable Final Terms) of irrevocable notice to the Noteholders (or such other notice period as may be specified hereon), redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions. Any such redemption must relate to Notes of an aggregate nominal amount at least equal to the Minimum Redemption Amount specified hereon and no greater than the Maximum Redemption Amount specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

¹ Square bracketed text to appear on Senior Notes issued by L&GF and guaranteed by L&G.

(e) Redemption at the Option of Noteholders

If Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than the minimum period nor more than the maximum period (as specified hereon) of notice to the Issuer (or such other notice period as may be specified hereon), redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions.

To exercise such option, the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice (“Exercise Notice”) in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) Purchases

[The Issuer, the Guarantor and any of their Subsidiaries (as defined in Condition 10)]² [The Issuer and any of its Subsidiaries (as defined in Condition 10)]³ may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(g) Cancellation

All Notes purchased by or on behalf of [the Issuer, the Guarantor or any of their Subsidiaries]² [the Issuer or any of its Subsidiaries]³ may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer [and the Guarantor]² in respect of any such Notes shall be discharged.

7. Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii) or (v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “Bank” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

3 Square bracketed text to appear on Senior Notes issued by L&G.

(b) *Registered Notes*

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “Record Date”). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Fiscal Laws*

Without prejudice to the provisions of Condition 8, all payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its agents), the Issuer [or, as the case may be, the Guarantor]¹ will not be required to pay any additional amounts on account of a withholding or deduction for, or on account of, any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements and the Issuer [or, as the case may be, the Guarantor]² shall be acquitted and discharged of so much money as is represented by any such withholding or deduction as if such sum had been actually paid to the holders of the Notes or Coupons. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the purposes of the preceding sentence, the phrase “fiscal or other laws, regulations and directives” shall include any withholding or deduction imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code (“FATCA”) or any agreement entered into pursuant to FATCA.

(e) *Appointment of Agents*

The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer [and the Guarantor]⁴ and their respective specified offices are listed below. Notice of any such change or any change of any specified office shall promptly be given to the Noteholders. If any additional Paying Agents are appointed in connection with any Series of Notes, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

(f) *Unmatured Coupons and unexchanged Talons*

- (i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes, such Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(g) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

In this paragraph (h), “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions (if any) as are specified as “Additional Financial Centres” hereon, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in any currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or

In that event, the Issuer [or, as the case may be, the Guarantor]⁷ shall pay such additional amounts as shall result in receipt by the holders of the Notes or Coupons of such amounts as would have been received by them had no such withholding or deduction been required by law to be made, except that no such additional amounts shall be payable with respect to any Note or Coupon:

(e) *Payment by another Paying Agent*

(except in the case of the payment of interest in respect of Registered Notes) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent (or, in the case of the payment of principal in respect of Registered Notes, another Transfer Agent or, if applicable, the Registrar) in a Member State of the European Union; or

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition 8 or any undertaking given in addition to or in substitution for it under the Trust Deed.

11. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia* (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, [or]⁹ (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution[, or (viii) to modify or cancel the Guarantee]¹⁰, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) *Modification of the Trust Deed*

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error or error proven to the satisfaction of the Trustee, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on all the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

(c) *Substitution*

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of the Issuer's successor in business or any subsidiary or holding company of the Issuer or its successor in business [or of the Guarantor or its successor in business or any subsidiary or holding company of the Guarantor or its successor in business)]¹⁰ in place of the Issuer, or of any previously substituted company, as principal debtor under the Trust Deed and the Notes [or the substitution of the Guarantor's successor in business or any subsidiary or holding company of the Guarantor or its successor in business in place of the Guarantor, or of any previously substituted company as Guarantor under the Trust Deed and the Notes]¹⁰. In the case of such a substitution, the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. Any such substitution shall be binding on all the Noteholders and the Couponholders.

(d) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition 11), the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer [or the Guarantor]¹⁰ any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

12. Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer [and/or the Guarantor]¹⁰ as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) or so requested in writing by Noteholders holding at least one-quarter in nominal amount of the Notes outstanding, and (b) it shall have been indemnified to its satisfaction. No Noteholder or Couponholder may proceed directly against the Issuer [or the Guarantor]¹⁰ unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

13. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer[, the Guarantor]¹⁰ and any entity related to the Issuer [or the Guarantor]¹⁰ without accounting for any profit.

Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 15 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 16.

17. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

18. Governing Law

The Trust Deed, the Notes, the Coupons and the Talons, and any non-contractual obligations arising out of or in connection with them, shall be governed by, and shall be construed in accordance with, English law.

The full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Accordingly, references in these terms and conditions to provisions specified hereon shall be to provisions endorsed on the face of the relevant Note as set out in the relevant Final Terms. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these terms and conditions to “Notes” are to the Subordinated Notes of one Series only, not to all Notes that may be issued under the Programme.

An Agency Agreement dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Agreement dated 23 May 2014 and as amended or supplemented as at the Issue Date, the “Agency Agreement”) has been entered into in relation to the Notes between L&G, L&GF, the Trustee, Citibank, N.A. as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) from time to time are referred to below respectively as the “Issuing and Paying Agent”, the “Paying Agents” (which expression shall include the Issuing and Paying Agent), the “Registrar”, the “Transfer Agents” (which expression shall include the Registrar) and the “Calculation Agent(s)” (together, the “Agents”). Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Trustee (presently at Fifth Floor, 100 Wood Street, London EC2V 7EX, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the “Coupons”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) (the “Couponholders”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1 Form, Denomination and Title

The Notes are issued in bearer form (“Bearer Notes”) or in registered form (“Registered Notes”) in each case in the Specified Denomination(s) shown hereon provided that all Notes shall have a minimum Specified Denomination of €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Fixed Rate Reset Note, a Floating Rate Note or a Zero Coupon Note depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided in Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Transfers of Registered Notes, etc.

(a) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer’s or Noteholders’ option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Conditions 2(a) or (b) shall be available for delivery within three Business Days of receipt of the form of transfer and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery of such form of transfer and surrender of

the relevant Certificate shall have been made or, at the option of the holder making such delivery and surrender as aforesaid and as specified in the relevant form of transfer or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(c), “Business Day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(d) *Transfer Free of Charge*

Transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges by the person submitting such Notes or Certificates that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(e) *Closed Periods*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on (and including) the due date for redemption of that Note, (ii) during the period of 15 days ending on (and including) any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3. *Status*

(a) *Status of Notes*

The Notes and the Coupons relating to them constitute direct, unsecured and (save as to subordination) unconditional obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up of the Issuer (except in the case of a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders and (ii) do not provide that the Notes shall thereby become payable) or administration of the Issuer where the administrator has given notice of his intention to declare and distribute a dividend, the payment obligations of the Issuer under or arising from the Notes and the Coupons relating to them and the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) shall be subordinated in the manner provided in the Trust Deed to the claims of all Senior Creditors of the Issuer, but shall rank:

- (i) in the case of Notes issued with a Maturity Date specified hereon: (i) at least *pari passu* with all other obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Lower Tier 2 Capital, if the Issue Date of the first Tranche of the Notes is prior to Solvency II Implementation, or Tier 2 Capital (issued on or after Solvency II Implementation) if the Issue Date of the first Tranche of the Notes is on or after Solvency II Implementation (“*Pari Passu Securities*”); and (ii) in priority to the claims of holders of Existing Undated Tier 2 Securities, all obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions under any Relevant Rules) and all classes of share capital of the Issuer (“*Junior Securities*”); and
- (ii) in the case of Notes issued without a Maturity Date specified hereon: (i) at least *pari passu* with all other obligations of the Issuer which constitute (or would but for any applicable limitation

on the amount of such capital constitute) Existing Undated Tier 2 Securities, if the Issue Date of the first Tranche of the Notes is prior to Solvency II Implementation, or Tier 2 Capital (issued on or after Solvency II Implementation), if the Issue Date of the first Tranche of the Notes is on or after Solvency II Implementation (“Pari Passu Securities”); and (ii) in priority to the claims of holders of Existing Undated Tier 2 Securities, if the Issue Date of the first Tranche of the Notes is on or after Solvency II Implementation, all obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions under any Relevant Rules) and all classes of share capital of the Issuer (“Junior Securities”).

(b) Solvency Condition

All payments under or arising from the Notes and the Coupons relating to them and the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) shall be conditional upon the Issuer being solvent at the time for payment by the Issuer and no amount shall be payable under or arising from the Notes and the Coupons relating to them or the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) unless and until such time as the Issuer could make such payment and still be solvent immediately thereafter (referred to herein as the “Solvency Condition”). For the purposes of this Condition 3(b), the Issuer shall be solvent if (i) it is able to pay its debts owed to Senior Creditors and Pari Passu Creditors as they fall due and (ii) its Assets exceed its Liabilities (other than its Liabilities to persons who are Junior Creditors). A report as to solvency of the Issuer signed by two Directors of the Issuer or, if there is a winding-up or administration of the Issuer, the liquidator or, as the case may be, the administrator of the Issuer shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for doing so. In a winding-up of the Issuer (except in the case of a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders and (ii) do not provide that the Notes shall thereby become payable) or in an administration of the Issuer if the administrator has given notice of his intention to declare and distribute a dividend, the amount payable in respect of the Notes and the Coupons relating to them shall be an amount equal to the principal amount of such Notes, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment and (to the extent not otherwise included within the foregoing) any other amount under or arising from the Notes. Payment of such amount will be subordinated in the manner described in Condition 3(a).

Without prejudice to any other provision in these Conditions, amounts representing any payments of principal, premium or interest or any other amount including any damages awarded for breach of any obligations in respect of which the conditions referred to in this Condition 3(b) are not satisfied on the date upon which the same would otherwise be due and payable (“Solvency Claims”) will be payable by the Issuer in a winding-up or any applicable administration of the Issuer as provided in Condition 3(a). A Solvency Claim shall not itself bear interest.

(c) Set-off, etc.

Subject to applicable law, no holder of the Notes or the Coupons relating to them may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Notes or the Coupons relating to them and each holder shall, by virtue of being the holder of any Note or Coupon, as the case may be, be deemed to have waived all such rights of set-off, compensation or retention. Notwithstanding the preceding sentence, if any of the amounts owing to any holder of the Notes or the Coupons relating to them by the Issuer

in respect of, or arising under or in connection with, the Notes or the Coupons relating to them is discharged by set-off, such holder shall, unless such payment is prohibited by law, immediately pay an amount equal to the amount of such discharge to the Issuer or, in the event of its winding-up or administration, the liquidator or administrator, as appropriate, of the Issuer for payment to the Senior Creditors in respect of amounts owing to them by the Issuer and, until such time as payment is made, shall hold an amount equal to such amount in trust for the Issuer, or the liquidator or administrator, as appropriate, of the Issuer for payment to the Senior Creditors in respect of amounts owing to them by the Issuer, and accordingly any such discharge shall be deemed not to have taken place. The perpetuity period for each trust created pursuant to this Condition 3(c) shall be 125 years from the date such trust becomes constituted.

As used in this Condition 3, the expression “obligations” includes any direct or indirect obligations of the Issuer and whether by way of guarantee, indemnity, other contractual support arrangement or otherwise and regardless of name or designation.

On a winding-up of the Issuer, there may be no surplus assets available to meet the claims of the Noteholders after the claims of the parties ranking senior to the Noteholders (as provided in Condition 3 above) have been satisfied.

4 Interest and other Calculations

(a) Interest on Fixed Rate Notes

Subject to Conditions 3(b) and 5, each Fixed Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(f).

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Subject to Conditions 3(b) and 5, each Floating Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(f). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately

preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes*

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations

(expressed as a percentage rate per annum), for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page if or sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, then, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference

Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) at, if the Reference Rate is LIBOR, approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

- (z) If paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the rate of interest shall be the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph (z), the Rate of Interest shall be the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined

as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided however, that, if there is no such rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) Zero Coupon Notes

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable, subject to Condition 5, prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)).

(d) Fixed Rate Reset Notes

(i) Accrual of interest

Subject to Conditions 3(b) and 5, each Fixed Rate Reset Note bears interest on its outstanding principal amount:

- (a) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (b) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Calculation Agent on the relevant Reset Determination Date in accordance with this Condition,

payable, in each case, in arrear on the relevant Interest Payment Date(s).

(ii) Subsequent Reset Rate Screen Page

If the Subsequent Reset Rate Screen Page is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Initial Credit Spread and Step-Up Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

(e) Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the

Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 4(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.

- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(f) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where the Specified Denomination of a Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(g) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Special Redemption Prices*

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, Reset Determination Date or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Special Redemption Price, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Special Redemption Price to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but, in any event, no later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the

fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable as a result of any action taken by the Trustee, the Noteholders or Couponholders to institute winding-up proceedings in respect of the Issuer in accordance with Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 4(g) but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Final Redemption Amount, Early Redemption Amount, Special Redemption Price or Optional Redemption Amount, the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this Condition 4, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects, it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

(i) *Definitions*

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“Business Day” means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency;
- (ii) in the case of euro, a day on which the TARGET system is operating (a “TARGET Business Day”); and
- (iii) in the case of a currency and/or one or more Additional Business Centres, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Additional Business Centre(s) or, if no currency is indicated, generally in each of the Additional Business Centres.

“Day Count Fraction” means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, Interest Accrual Period the “Calculation Period”):

- (i) if “Actual/Actual” or “Actual/Actual - ISDA” is specified hereon, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified hereon, the actual number of days in the Calculation Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified hereon, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period ending on a date falling in a leap year, 366;

- (iv) if “Actual/360” is specified hereon, the actual number of days in the Calculation Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

The Issuer may in respect of any Optional Interest Payment Date, by notice to the Noteholders and the Trustee pursuant to Condition 5(d) below, elect to defer payment of all (but not some only) of the interest accrued to that date on the Notes which would otherwise be payable on such date.

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any interest payment on any Optional Interest Payment Date in accordance with this Condition 5(a) or in accordance with Condition 3(b) will not constitute a default by the Issuer for any purpose under these Conditions and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.

The Issuer may defer paying interest on each Optional Interest Payment Date until the earlier of the Maturity Date (if a Maturity Date is specified hereon) or any date on which the Notes are redeemed in full pursuant to these Conditions.

(b) Mandatory Deferral of Interest

Payment of interest on the Notes will be mandatorily deferred on each Mandatory Interest Deferral Date. The Issuer shall notify the Noteholders and the Trustee of any Mandatory Interest Deferral Date in accordance with Condition 5(d).

A certificate signed by two Directors of the Issuer confirming that (a) a Regulatory Deficiency Interest Deferral Event has occurred and is continuing, or would occur if payment of interest on the Notes were to be made (whether in whole or in part) or (b) a Regulatory Deficiency Interest Deferral Event has ceased to occur and/or payment of interest on the Notes would not result in a Regulatory Deficiency Interest Deferral Event occurring, shall, in the absence of manifest error, be treated and accepted by the Trustee and the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for so doing.

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any payment of interest on a Mandatory Interest Deferral Date in accordance with this Condition 5(b) or Condition 3(b) will not constitute a default by the Issuer for any purpose and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.

(c) *Arrears of Interest*

Any interest in respect of the Notes not paid on an Interest Payment Date as a result of the exercise by the Issuer of its discretion pursuant to Condition 5(a) or the obligation on the Issuer to defer pursuant to either Condition 5(b) or the operation of the Solvency Condition described in Condition 3(b) shall (without double-counting), together with any other interest in respect thereof not paid on an earlier Interest Payment Date shall, so long as the same remains unpaid, constitute “Arrears of Interest”. Arrears of Interest shall not themselves bear interest.

Any Arrears of Interest and any other amount, payment of which is deferred in accordance with Conditions 5(a), 5(b) or 3(b), may (subject to Condition 3(b) and to any notifications to, or consent from, (in either case if and to the extent applicable) the Relevant Regulator) be paid in whole or in part at any time upon the expiry of not less than 14 days’ notice to such effect given by the Issuer to the Trustee and the Noteholders in accordance with Condition 16, and in any event will become due and payable (subject, in the case of (i) and (iii) below, to Condition 3(b) and any notifications to, or consent from, (in either case if and to the extent applicable) the Relevant Regulator) in whole (and not in part) upon the earliest of the following dates:

- (i) the next Interest Payment Date on which payment of interest in respect of the Notes is made (other than a voluntary payment by the Issuer of any Arrears of Interest); or
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (other than a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the Issuer, the terms of which reconstruction, amalgamation or substitution (A) have previously been approved in writing by the Trustee or by an Extraordinary Resolution and (B) do not provide that the Notes shall thereby become payable) or the date on which any administrator of the Issuer gives notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer pursuant to Condition 6 or Condition 10(a).

(d) *Notice of Deferral*

The Issuer shall notify the Trustee and the Noteholders, in writing and in accordance with Condition 16, not less than five Business Days prior to an Interest Payment Date:

- (i) if that Interest Payment Date is an Optional Interest Payment Date in respect of which the Issuer elects to defer interest as provided in Condition 5(a); and
- (ii) if that Interest Payment Date is a Mandatory Interest Deferral Date and specify that interest will not be paid because a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if payment of interest was made (in whole or in part) on such Interest Payment Date, provided that, if a Regulatory Deficiency Interest Deferral Event occurs less than five Business Days prior to an Interest Payment Date, the Issuer shall give notice of the interest deferral in accordance with Condition 16 as soon as reasonably practicable following the occurrence of such event and the Issuer shall not be in breach of its obligation to give not less than five Business Days’ notice if it gives less than five Business Days’ notice in such circumstances.

6 Redemption, Purchase and Options

(a) Redemption

- (i) Subject to Conditions 3(b) and 6(a)(iii), and to compliance by the Issuer with regulatory rules on notification to, or consent from (in either case, if and to the extent applicable), the Relevant Regulator, unless previously redeemed or purchased and cancelled as provided in this Condition 6, if a Maturity Date is specified hereon, each Note shall be finally redeemed on the Maturity Date at its Final Redemption Amount (which, unless otherwise provided hereon, is its principal amount) together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest.
- (ii) No Notes shall be redeemed pursuant to Conditions 6(a)(i), 6(d), 6(e), 6(f) or 6(g) if a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if redemption is made on, if Condition 6(a)(i) applies, the Maturity Date or, if Condition 6(d), 6(e), 6(f) or 6(g) applies, any date specified for redemption in accordance with the relevant Condition.
- (iii) If redemption of the Notes does not occur on the Maturity Date or, as appropriate, the date specified in the notice of redemption by the Issuer under Condition 6(d), 6(e), 6(f) or 6(g) as a result of Condition 6(a)(ii), subject to Condition 3(b) (in the case of sub-paragraphs (A) and (B) below only) and to any notifications to, or consent from, (in each case if and to the extent applicable) the Relevant Regulator, such Notes shall be redeemed at their principal amount or the relevant amount specified in 6(d), 6(e), 6(f) or 6(g) (as applicable) together with accrued interest and any Arrears of Interest, upon the earliest of:
 - (A) the date falling 10 Business Days after the date the Regulatory Deficiency Redemption Deferral Event has ceased provided that redemption of the Notes on such date would not result in a Regulatory Deficiency Redemption Deferral Event occurring; or
 - (B) the date falling 10 Business Days after the Relevant Regulator has agreed to the repayment or redemption of the Notes; or
 - (C) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (other than a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the Issuer, the terms of which reconstruction, amalgamation or substitution (1) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and (2) do not provide that the Notes shall thereby become payable) or the date on which any administrator of the Issuer gives notice that it intends to declare and distribute a dividend.
- (vi) If Condition 6(a)(ii) does not apply, but redemption of the Notes does not occur on the Maturity Date or the date specified in the notice of redemption given by the Issuer under Condition 6(d), 6(e), 6(f) or 6(g) (as applicable) as a result of the Solvency Condition not being satisfied on the relevant date, in relation to the payment that would otherwise then be due, subject to any notifications to, or consent from, (in each case if and to the extent applicable) the Relevant Regulator, such Notes shall be redeemed at their principal amount or the relevant amount specified in Condition 6(d), 6(e), 6(f) or 6(g) (as applicable) together with accrued interest and any Arrears of Interest on the 10th Business Day immediately following the day on which (A) the Solvency Condition is satisfied and (B) redemption of the Notes would not result in the Solvency Condition not being satisfied, provided that, if on such Business Day specified for redemption a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if the Notes were to be redeemed, then the Notes shall not be redeemed on such date and Condition 3(b) and Condition 6(a)(iii) shall apply *mutatis mutandis* to determine the new date on which the Issuer shall be obliged to redeem the Notes.

- (v) A certificate signed by two Directors of the Issuer addressed to the Trustee confirming that (A) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if redemption of the Notes were to be made, or (B) a Regulatory Deficiency Redemption Deferral Event has ceased to occur and/or redemption of the Notes would not result in a Regulatory Deficiency Redemption Deferral Event occurring, shall, in the absence of manifest error, be treated and accepted by the Trustee and the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for doing so.
- (vi) Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of redemption of the Notes in accordance with Condition 3(b) or this Condition 6 will not constitute a default by the Issuer and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.
- (vii) Any Notes with no Maturity Date specified hereon may be redeemed only in accordance with the provisions of this Condition 6 or as provided in Condition 10.

(b) *Early Redemption*

Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to this Condition 6 or as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to this Condition 6 or as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue from (and including the Maturity Date) to (but excluding) the date of redemption in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(c) *Conditions to Redemption, Substitution, Variation or Purchase*

Prior to any notice of redemption before the Maturity Date (if any) or any substitution, variation or purchase of the Notes, the Issuer will be required to have complied with regulatory rules on notification to, or consent from (in each case, if and to the extent required), the Relevant Regulator and be in continued compliance with the Regulatory Capital Requirements applicable to it from time to time. A certificate signed by any two Directors of the Issuer confirming such compliance and delivered to the Trustee shall be conclusive evidence of such compliance and the Trustee shall be

entitled to rely on such certificate without further investigation and without liability to any person for so doing.

In the case of a redemption or purchase that is within five years of the Issue Date of the Notes:

- (i) the Issuer shall deliver to the Trustee a certificate signed by two Directors stating that it would have been reasonable for the Issuer to conclude, judged at the Issue Date of the Notes, that the circumstance entitling the Issuer to exercise the right of redemption or purchase was unlikely to occur. Such certificate shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct, conclusive and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without liability to any person; and
- (ii) such redemption or purchase shall be funded out of the proceeds of a new issuance of capital of at least the same quality as the Notes, provided that such redemption or purchase shall not be required to be so funded if, on or after Solvency II Implementation, Solvency II does not require such redemption or purchase to be so funded (on the basis that the Notes are intended to qualify as Tier 2 Capital without the operation of any grandfathering provisions).

(d) *Redemption, Substitution or Variation at the Option of the Issuer due to Taxation Reasons*

If the Issuer determines that immediately before the giving of the notice referred to below, as a result of a Tax Law Change, either:

- (i) on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8; or
- (ii) on the next Interest Payment Date, the payment of interest in respect of the Notes would be treated as a “distribution” within the meaning of Chapter 2 of Part 23 of the Corporation Tax Act 2010 (as amended, re-enacted, replaced or rewritten),

the Issuer may, at its option:

- (A) subject to Conditions 3(b), 6(a)(iii) and 6(c), having given not less than 30 or more than 60 days’ notice (a “Tax Redemption Notice”) to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (which notice shall be irrevocable), redeem all, but not some only, of the Notes at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) at their Early Redemption Amount together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
- (B) subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders, or the Couponholders) and having given not less than 30 or more than 60 days’ notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 16, the Noteholders (which notice shall be irrevocable), substitute at any time for all (but not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Qualifying Lower Tier 2 Securities (if a Maturity Date is specified hereon) or Qualifying Upper Tier 2 Securities (if no Maturity Date is specified hereon), and the Trustee shall (subject to the following provisions of this paragraph (ii) and the receipt by it of the certificates of the Directors of the Issuer referred to both below and in the definition of Qualifying Lower Tier 2 Securities or Qualifying Upper Tier 2 Securities, as the case may be) agree to such substitution or variation. The Trustee shall at the Issuer’s expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee’s opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the

holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any Tax Redemption Notice or notice of substitution or variation as provided in this Condition 6(d), the Issuer shall deliver to the Trustee (1) a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that the Issuer is entitled to effect such redemption, substitution or variation, as the case may be, and setting forth a statement of facts showing that the Issuer has become, or is or would be, required to pay additional amounts or that the payment of interest has become, or is or would be, treated as a “distribution” as aforesaid, and (2) an opinion in form and substance reasonably satisfactory to the Trustee of independent legal advisers of recognised standing in accordance with the Trust Deed. The Trustee shall, without enquiring and without any liability therefor, accept such certificate as sufficient evidence of the satisfaction of either or both of the circumstances set out above, as the case may be, and such certificate shall be conclusive and binding on the Noteholders and the Couponholders.

In connection with any substitution or variation in accordance with this Condition 6(d), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

For this purpose: “Tax Law Change” means a change in or proposed change in, or amendment to or proposed amendment to, the laws or regulations of the United Kingdom or any political subdivision or authority therein or thereof having the power to tax, including any treaty to which the United Kingdom is a party, or any change in or proposed change in the application or official or generally published interpretation of such laws, including a decision of any court or tribunal, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such laws or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written statements made by a tax authority regarding the anticipated tax treatment of the Notes, which change or amendment or proposed change or amendment becomes, or would become, effective, or which interpretation or pronouncement is made, in each case on or after the Issue Date of the first Tranche of the Notes.

(e) *Redemption at the Option of the Issuer*

Unless the Issuer shall have given notice to redeem the Notes under Conditions 6(d), 6(f) or 6(g) on or prior to the expiration of the notice referred to below, and if a Call Option is specified hereon, the Issuer may, subject to Conditions 3(b), 6(a)(iii) and 6(c), having given not less than 30 or more than 60 days’ irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided hereon, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions and any Arrears of Interest. Any such redemption must relate to Notes of an aggregate principal amount at least equal to the Minimum Redemption Amount specified hereon and no greater than the Maximum Redemption Amount specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(f) *Redemption, Substitution or Variation at the Option of the Issuer due to Capital Disqualification Event*

If a Capital Disqualification Call is specified hereon and, within the period from and including the date of the occurrence of a Capital Disqualification Event to and including the date which is the first

anniversary of such occurrence (or such shorter period as may be set out hereon), the Issuer gives the notice referred to below and if on the date of such notice a Capital Disqualification Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days' notice to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (in accordance with Condition 16) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless otherwise specified hereon) at any time or, if and for so long as such Notes are Floating Rate Notes, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 16, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Qualifying Lower Tier 2 Securities (if a Maturity Date is specified hereon) or Qualifying Upper Tier 2 Securities (if no Maturity Date is specified hereon) and the Trustee shall (subject to the following provisions of this paragraph (ii) and subject to the receipt by it of the certificates of the Directors of the Issuer referred to below and in the definition of Qualifying Lower Tier 2 Securities or Qualifying Upper Tier 2 Securities, as the case may be) agree to such substitution or variation. The Trustee shall at the Issuer's expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(f), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories of the Issuer stating that a Capital Disqualification Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed, and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Capital Disqualification Event and (in the case of a proposed substitution or variation) that the substitution or variation, as the case may be, shall create Qualifying Lower Tier 2 Securities or Qualifying Upper Tier 2 Securities, as the case may be (without liability to any person for so doing), in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(f), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(g) *Redemption, Substitution or Variation at the Option of the Issuer for Rating Reasons*

If a Rating Methodology Call is specified hereon and if, after the Rating Methodology Event Commencement Date (as defined hereon if a Rating Methodology Call is specified hereon), a Rating Methodology Event occurs, within the period from and including the date of the occurrence of such Rating Methodology Event to and including the date which is the first anniversary of such occurrence (or such shorter period as may be set out hereon), the Issuer gives the notice referred to below and if on the date of such notice the Rating Methodology Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days' notice to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (in accordance with Condition 16) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless otherwise specified hereon) at any time or, if and for so long as the Note is a Floating Rate Note, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 16, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Rating Agency Compliant Securities, and the Trustee shall (subject to the following provisions of this paragraph (ii) and subject to the receipt by it of the certificates of the Directors of the Issuer referred to below, in the definition of Qualifying Lower Tier 2 Securities or Qualifying Upper Tier 2 Securities, as the case may be, and in the definition of Rating Agency Compliant Securities) agree to such substitution or variation,

provided that no notice of the redemption of any Notes pursuant to this Condition 6(g) may be given within five years of the Issue Date.

The Trustee shall, at the Issuer's expense, use its reasonable endeavours to assist the Issuer in the substitution or variation of the Notes by or into Rating Agency Compliant Securities by executing such documents as the Issuer may consider necessary for this purpose provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the Noteholders. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(g), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories of the Issuer stating that a Rating Methodology Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Rating Methodology Event (without liability to any person for so doing) and that the substitution or variation shall create Rating Agency Compliant Securities, in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(g), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(h) Purchases

The Issuer and any of its Subsidiaries for the time being may, having given prior written notice to, and received no objection from, the Relevant Regulator (so long as such notice is required to be given), at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(i) Cancellation

All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured

Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(j) *Trustee Not Obligated to Monitor*

The Trustee shall not be under any duty to monitor whether any event or circumstance has happened or exists within this Condition 6 and will not be responsible to Noteholders for any loss arising from any failure by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 6, it shall be entitled to assume that no such event or circumstance exists.

7 *Payments and Talons*

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii) or (v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. "Bank" means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

(b) *Registered Notes*

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Fiscal Laws*

Without prejudice to the provisions of Condition 8, all payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its agents), the Issuer will not be required to pay any additional amounts on account of a withholding or deduction for, or on account of, any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements and the Issuer shall be acquitted and discharged of so much money as is represented by any such withholding or deduction as if such sum had been actually paid to the holders of the Notes or Coupons. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the purposes of the preceding sentence, the phrase “fiscal or other laws, regulations and directives” shall include any withholding or deduction imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code (“FATCA”) or any agreement entered into pursuant to FATCA.

(e) *Appointment of Agents*

The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time with the approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, Transfer Agents or Calculation Agents provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where these Conditions so require, (v) a Paying Agent having a specified office in London so long as the Notes are admitted to the Official List of the UK Listing Authority acting under Part VI of the Financial Services and Markets Act 2000 and admitted to trading on the London Stock Exchange’s EEA Regulated Market and (vi) a Paying Agent having a specified office in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to any law implementing or complying with, or introduced in order to conform to, European Council Directive 2003/48/EC on the taxation of savings income or any agreement between the European Union and any non-EU jurisdiction providing for equivalent measures (to the extent that at least one such Member State does not require a Paying Agent with an office in that Member State to so withhold or deduct amounts for or on account of tax, whether pursuant to European Council Directive 2003/48/EC or under the law of that Member State or any agreement between the European Union and any non-EU jurisdiction providing for equivalent measures or otherwise).

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) *Unmatured Coupons and unexchanged Talons*

- (i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes, such Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of such Note is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) Non-Business Days

If any date for payment in respect of any Note or Coupon is not a Business Day, the holder shall not be entitled to payment until the next following Business Day nor to any interest or other sum in respect of the postponement of such payment. In this paragraph (h), “Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions (if any) as are specified as “Additional Financial Centres” hereon, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in any currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

8 Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes and the Coupons shall be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts as shall result in receipt by the holders of Notes or Coupons of such amounts as would have been received by them had no such withholding or deduction been required by law to be made, except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) *Other connection*

presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or

(b) *Lawful avoidance of withholding*

presented for payment by or on behalf of a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim or filing for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it) or Coupon is presented for payment; or

(c) *Presentation more than 30 days after the Relevant Date*

presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day after the Relevant Date; or

(d) *EU Savings Directive*

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, European Council Directive 2003/48/EC on the taxation of savings income, or any agreement between the European Union and any non-EU jurisdiction providing for equivalent measures; or

(e) *Payment by another Paying Agent*

(except in the case of the payment of interest in respect of Registered Notes) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent (or, in the case of the payment of principal in respect of Registered Notes, another Transfer Agent or, if applicable, the Registrar) in a Member State of the European Union; or

(f) *Presentation for payment in the United Kingdom*

presented for payment in the United Kingdom; or

(g) *Any combination*

where the requirement to withhold or deduct which would otherwise give rise to the obligation to pay additional amounts arises out of any combination of paragraphs (a) to (f) above.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Special Redemption Price, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “principal” and/or “interest”

shall be deemed to include any additional amounts that may be payable under this Condition 8 or any undertaking given in addition to or in substitution for it under the Trust Deed.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Events of Default and Enforcement

(a) Right to institute winding-up

Notwithstanding any of the provisions below in this Condition 10, the right to institute winding-up proceedings in respect of the Issuer is limited to circumstances where payment has become due. Pursuant to Condition 3(b), no principal, interest or any other amount will be due on the relevant payment date if the Solvency Condition is not satisfied both at the time of and immediately after any such payment. In the case of any payment of interest in respect of the Notes, such payment may be deferred pursuant to Condition 5(a) and will be deferred if Condition 5(b) applies and, in each case, if so deferred will not be due and, in the case of payment of principal, such payment will be deferred and will not be due if Condition 6(a)(ii) applies.

If:

- (i) default is made for a period of seven days or more in the payment of any interest due in respect of the Notes or any of them; or
- (ii) default is made for a period of seven days or more in payment of the principal due in respect of the Notes or any of them,

the Trustee may at its discretion and without further notice (subject to Condition 10(d)) institute proceedings for the winding-up of the Issuer and/or prove in the winding-up or administration of the Issuer and/or claim in the liquidation of the Issuer for such payment, but may take no further or other action to enforce, prove or claim for any such payment. No payment in respect of the Notes, the Coupons or the Trust Deed may be made by the Issuer pursuant to this Condition 10(a), otherwise than during or after a winding-up of the Issuer or after any administrator of the Issuer has given notice that it intends to declare and distribute a dividend, unless the Issuer has given prior written notice (with a copy to the Trustee) to, and received consent (if required) from, the Relevant Regulator, which the Issuer shall confirm in writing to the Trustee.

(b) Amount payable on winding-up

If an order is made by the competent court or a resolution passed for the winding-up of the Issuer, (except, in any such case, a solvent winding-up, solely for the purpose of a reconstruction or amalgamation of the Issuer, the terms of which reconstruction or amalgamation (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and (ii) do not provide that the Notes shall thereby become payable) or an administrator of the Issuer gives notice that it intends to declare and distribute a dividend, the Trustee at its discretion may, and if so requested by holders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject, in each case, to Condition 10(d)), give notice to the Issuer that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at the amount equal to their principal amount together with accrued interest and any Arrears of Interest.

(c) Enforcement

Without prejudice to Conditions 10(a) and 10(b), the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any obligation,

condition or provision binding on the Issuer under the Trust Deed, the Notes or the Coupons (other than any payment obligation of the Issuer under or arising from the Notes, the Coupons or the Trust Deed (including, without limitation, any payment obligation in respect of any principal, premium or interest, or any damages awarded for breach of any obligations), provided that in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums (in cash or otherwise) sooner than the same would otherwise have been payable by it. Nothing in this Condition 10(c) shall, subject to Condition 10(a), prevent the Trustee instituting proceedings for the winding-up of the Issuer, proving in any winding-up of the Issuer and/or claiming in any liquidation of the Issuer in respect of any payment obligations of the Issuer arising from the Notes, the Coupons or the Trust Deed (including, without limitation, payment of any principal, premium or interest in respect of the Notes or the Coupons and any damages awarded for any breach of any obligations).

(d) *Entitlement of the Trustee*

The Trustee shall not be bound to take any of the actions referred to in Conditions 10(a), 10(b) or 10(c) to enforce the obligations of the Issuer under the Trust Deed, the Notes or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders or so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

(e) *Rights of Noteholders*

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding up of the Issuer or to prove in the winding-up of the Issuer unless the Trustee, having become so bound to proceed or being able to prove in such winding-up, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholder or Couponholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 10.

(f) *Extent of Noteholders' remedy*

No remedy against the Issuer, other than as referred to in this Condition 10, shall be available to the Trustee or the Noteholders or Couponholders, whether for the recovery of amounts owing in respect of the Notes or under the Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed.

11 Meetings of Noteholders, Modification and Waiver

(a) *Meetings of Noteholders*

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts or Arrears of Interest on the Notes, (ii) to reduce or cancel the principal amount of or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest or Arrears of Interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such

Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount, Special Redemption Price or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, or (viii) to modify Condition 3, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

Notwithstanding the foregoing, the agreement or approval of the Noteholders shall not be required in the case of any variation of these Conditions and/or the Trust Deed to which the Trustee has been obliged to agree in the circumstances described in Conditions 6(d) or 6(f) in connection with the substitution or variation of the Notes so that they are replaced by, or become, Qualifying Upper Tier 2 Securities or Qualifying Lower Tier 2 Securities, as the case may be, or in the circumstances described in Condition 6(g) in connection with the substitution or variation of the Notes so that they are replaced by, or become, Rating Agency Compliant Securities, and no such substitution, variation or amendment proposed in relation thereto shall be regarded as a matter described in (i) to (vii) in the paragraph above.

(b) *Modification of the Trust Deed*

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error or error proven to the satisfaction of the Trustee, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on all the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

(c) *Notice to Relevant Regulator*

No modification to these Conditions or any other provisions of the Trust Deed (other than a modification which is of a formal, minor or technical nature or to correct a manifest error or error proven to the satisfaction of the Trustee) shall become effective unless the Issuer shall have given at least one month's prior written notice to, and received no objection from, the Relevant Regulator (or such other period of notice as the Relevant Regulator may accept or require and, in any event, provided that there is a requirement to give such notice).

12 Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in Condition 11), the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

13 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profit.

14 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes, Coupons or Talons) or of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

15 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 15 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 16.

17 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes or Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), (i) the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper and (ii) the relevant clearing system(s) will be notified whether or not such Global Notes or Global Certificates are intended to be held in a manner which would allow Eurosystem eligibility. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN or the Global Certificate is to be held otherwise than under the NSS, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “Common Depository”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN or the Global Certificate is to be held in accordance with the NSS, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note or the Global Certificate and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are (or that are represented by a Certificate that is) initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are (or that are represented by a Certificate that is) initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be) for its share of each payment made by the relevant Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under such Global Note or the Registered Notes represented by such Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such other clearing system (as the case may be). Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer and, if applicable, the Guarantor will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Overview of the Programme – Selling Restrictions”), in whole, but not in part, for Definitive Notes; and
- (ii) otherwise, in whole or in part, upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement, for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date, in whole, but not, except as provided below, in part, for Definitive Notes:

- (i) at the option of the relevant Issuer, if such Issuer would otherwise suffer a material disadvantage in respect of the tax treatment of the Notes as a result of any change in law, regulation or practice of any jurisdiction in which the relevant Issuer is resident for tax purposes, which material disadvantage would not be suffered were the Permanent Global Note to be exchanged for Notes in definitive form, and a certificate to such effect signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the relevant Issuer is delivered to the Trustee; or
- (ii) otherwise, if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an “Alternative Clearing System”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so.

For the purposes of paragraph (i) above, a “change in law, regulation or practice” shall mean any change in any applicable law or regulation or in the application or interpretation thereof by any court or tribunal or any governmental, tax, fiscal, monetary or other authority charged with the administration or application thereof.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in specified denomination(s) only. A Noteholder who holds a principal amount of less than the minimum specified denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more specified denominations.

Permanent Global Certificate

If the Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(a) may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) with the consent of the relevant Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to (i) above, the registered holder has given the Registrar not less than 30 days’ notice at its specified office of the registered holder’s intention to effect such transfer.

Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the relevant Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is an NGN, the Issuer will procure that details of such exchange be entered pro rata in the records of the relevant clearing system. In this Prospectus, “Definitive Notes” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“Exchange Date” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN Form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on such Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. Condition 7(e)(vi) and Condition 8(e) will apply to the Definitive Notes only. For so long as the Notes are represented by a Global Certificate, notwithstanding the provisions of Condition 7(b)(ii), each payment will be made to, or to the order of, the person whose name is entered in the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “Clearing System Business Day” means Monday to Friday inclusive except 1 January and 25 December. If the Global Note is an NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each payment in respect of the Notes shall be entered pro rata in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under an NGN will be made to its holder and payments under Registered Notes represented by a Global Certificate held under the NSS will

be made to the registered holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purposes of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "Business Day" set out in Condition 7(h).

Prescription

Claims against the relevant Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer (and/or, in the case of an issue of Notes by L&GF, the Guarantor) or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest (if any) thereon.

Redemption at the Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the relevant Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

Redemption at the Noteholders' Option

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is an NGN or where the Global Certificate is held under the NSS, the Issuer shall procure

that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN Nominal Amount

Where the Global Note is an NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may call for and have regard to any certificate or other document issued by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or the relevant Global Certificate. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's Cedcom systems) in accordance with its usual procedures and in which the holder of a particular principal amount of Notes is clearly identified together with the amount of such holding. In the case of Registered Notes only, the Trustee may have regard to any other letter of confirmation, form of record, information and/or certification as the Trustee shall, in its absolute discretion, think fit as evidence that at any particular time or throughout any particular period any particular person should be regarded as having an interest in a particular nominal amount of Registered Notes, and if the Trustee does so rely on such evidence, such letter of confirmation, form of record, information and/or certification shall, in the absence of manifest error or error proven to the satisfaction of the Trustee, be conclusive and binding on all concerned. The Trustee shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by a clearing system and subsequently found to be forged or not authentic or not correct.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

USE OF PROCEEDS

The net proceeds of the issue of each Series or Tranche of Notes will be used to refinance Group borrowings and to fund the business of the Group.

TAXATION

The comments below are of a general nature and are not intended to be exhaustive. They assume that there will be no substitution of the Issuers and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Terms and Conditions of the Notes). Any Noteholders who are in doubt as to their own tax position should consult their professional advisers.

United Kingdom Taxation

The comments below are based on the Issuers' understanding of current United Kingdom tax law and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs) relating to certain aspects of United Kingdom taxation of payments in respect of the Notes and certain information reporting requirements and are subject to changes therein or thereof, possibly with retrospective effect; they do not deal with other United Kingdom tax consequences which might arise from holding Notes or Coupons. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. They relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of persons such as dealers, persons connected with an Issuer for any tax purposes, persons who have, or are deemed for tax purposes to have, acquired their Notes by reason of employment or certain professional investors, to whom special rules may apply. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the United Kingdom tax treatment of that and any other series of Notes. These comments do not purport to constitute legal or tax advice. Any Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or are in any doubt as to their own tax position should consult their professional advisers.

- (a) To the extent that it does not comprise a premium or discount, a payment by the Issuer of principal in respect of any Notes will be payable without withholding or deduction for or on account of United Kingdom income tax.
- (b) Where Notes are issued at an issue price of less than 100 per cent. of their principal amount, any payments in respect of the accrued discount element on any such Notes will not be made subject to any withholding or deduction for or on account of United Kingdom income tax as long as they do not constitute payments of interest. They may, however, be subject to reporting requirements as outlined in paragraph (k) below.
- (c) Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, paragraphs (d) to (k) below (as appropriate) will apply.
- (d) Interest payable on Notes which have a maturity of less than one year and are not issued under arrangements the intention or effect of which is to render such Notes part of a borrowing with a total term of one year or more can be paid without withholding or deduction for or on account of United Kingdom income tax.
- (e) Interest on the Notes (other than interest falling within paragraph (d) above) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of Section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for these purposes and Notes will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of, and in accordance with the provisions of, Part VI of the FSMA) and are admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes are and remain so listed, interest on the Notes will be payable by the Issuer without withholding or deduction for or on account of United Kingdom income tax.
- (f) In all other cases, interest will generally be paid by the Issuer after deduction of United Kingdom income tax at the basic rate, subject to any direction to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty and subject to the availability of any other reliefs.

- (g) If interest were paid subject to deduction of United Kingdom income tax (e.g. if the Notes lost their listing), Noteholders who are not resident for tax purposes in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in an applicable double taxation treaty.
- (h) Interest on the Notes has a United Kingdom source and accordingly may be chargeable to United Kingdom tax by direct assessment even if the interest is paid without withholding or deduction. However, interest will not generally be assessed to United Kingdom tax by direct assessment in the hands of a holder of Notes who is not resident in the United Kingdom, except where such person, in the case of an individual, carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency or, in the case of a body corporate, carries on a trade in the United Kingdom through a permanent establishment, in connection with which the interest is received or to which the Notes are attributable, in which case (subject to exemptions for interest received by certain categories of agent, such as brokers and investment managers) tax may be levied on the United Kingdom branch, agency or permanent establishment.
- (i) Noteholders should note that the provisions relating to additional amounts referred to in “Terms and Conditions of the Senior Notes – Taxation” or “Terms and Conditions of the Subordinated Notes – Taxation”, as applicable, would not apply if HM Revenue & Customs sought to assess directly the person entitled to the relevant interest to United Kingdom tax. However, exemption from, or reduction of, such United Kingdom tax liability might be available under an applicable double taxation treaty.
- (j) The United Kingdom withholding tax treatment of payments by the Guarantor under the terms of the Guarantee in respect of interest on the Notes (or other amounts due under the Notes) is uncertain. In particular, such payments by the Guarantor may not be eligible for the exemption in respect of securities listed on a recognised stock exchange described in paragraph (e) above in relation to payments of interest by the Issuer. Accordingly, if the Guarantor makes any such payments, these may be subject to United Kingdom withholding tax at the basic rate (currently 20 per cent.).
- (k) Noteholders may wish to note that HM Revenue & Customs has power to obtain information relating to the Notes in certain circumstances. This may include details of the beneficial owners of the Notes (or the persons for whom the Notes are held), details of the persons to whom payments derived from the Notes are or may be paid and information and documents in connection with transactions relating to the Notes. Information may be required to be provided by, amongst others, the holders of the Notes, persons by (or via) whom payments derived from the Notes are made or who receive (or would be entitled to receive) such payments, persons who effect or are a party to transactions relating to the Notes on behalf of others and certain registrars or administrators. Information so obtained may, in certain circumstances, be exchanged by HM Revenue & Customs with the tax authorities of other jurisdictions.

EU Savings Directive

Under measures implemented in order to comply with the EU Savings Directive, each Member State is required to provide to the tax authorities of another Member State details of payments of interest (and other similar income) paid by a person established within its jurisdiction to, or secured by such a person for the benefit of, an individual resident, or certain limited types of entities established, in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). The Luxembourg government has announced its intention to elect out of the withholding system in favour of an automatic exchange of information with effect from 1 January 2015. A number of non-European Union countries and territories have adopted similar measures to the EU Savings Directive.

The Council of the European Union has adopted the Amending Directive amending the EU Savings Directive, which will, when implemented, inter alia, broaden the circumstances in which the information

reporting or withholding requirements apply to payments that indirectly benefit an individual resident in a Member State. These requirements will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied and may in some cases apply where the person, entity or legal arrangement is established or effectively managed outside the EU. The Amending Directive will also expand the types of payment to which the EU Savings Directive applies, in particular to include additional types of income payable on securities. The Amending Directive requires Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

The EU Savings Directive does not preclude Member States from levying other types of withholding tax.

SUBSCRIPTION AND SALE

Summary of Distribution Agreement

Subject to the terms and on the conditions contained in the Distribution Agreement, the Notes will be offered on a continuous basis by either L&G or L&GF to the Permanent Dealers. However, each of L&G and L&GF has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by each of the Issuers through the Dealers, acting as agents of the relevant Issuer. The Distribution Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The relevant Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuers and the Guarantor have agreed to reimburse the Arranger and the Dealers for certain of their activities in connection with the Programme.

The Issuers and the Guarantor have agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Distribution Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

Selling Restrictions

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”), or any state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Distribution Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of its distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the relevant Issuer, by the Issuing and Paying Agent, or, in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of Notes comprising any Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

This Prospectus has been prepared by the Issuers for use in connection with the offer and sale of the Notes outside the United States. The Issuers and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. Distribution of this Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is not authorised and any

disclosure without the prior written consent of the Issuers of any of the contents of this Prospectus to any such person is prohibited.

United Kingdom

- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer or the Guarantor; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “FIEA”). Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other relevant laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the Issuers and the Guarantor and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Prospectus.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has undertaken that it will not, directly or indirectly, offer or sell any Notes or distribute this Prospectus or publish any prospectus, form of application, advertisement or other document or information in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and neither the Issuers nor, in the case of Notes issued by L&GF, the Guarantor, nor any other Dealer shall have responsibility for the action of such Dealer.

No Dealer has been authorised to make any representation or use any information in connection with the issue, subscription and sale of any of the Notes other than as contained or incorporated by reference in this Prospectus or any amendment or supplement to it.
